

Eternal Justice, Inc. In Action

"Money is last. The mission is No. 1."

Arkansas

Perpetual care is guaranteed in many states. Unfortunately, in many cemeteries, conditions are pitiful. Shown below is one such example in the state of Arkansas.

Mrs. Jacobi has uncovered human remains in clear view in some cemeteries.

Eternal Justice never sits down on the job. However, on many occasions Carolyn Jacobi has demonstrated her strong convictions to convince cemeteries and local officials to do the right things.

In order to get results it is sometimes necessary to call on the media as well as others to get the job done.

For additional information and/or help or simply just to talk please feel free to call me.
